EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jeffrey Abel on March 31, 2005.

The application has been amended as follows:

In the first paragraph of the specification (amended in the preliminary amendment filed October 20, 2003), line 2, -- now U.S. Patent No. 6,669,871, -- has been inserted after "19 November 2001,"

Claims 53-58 and 63-68 have been cancelled.

In claims 59 and 61, line 1, "light colored" has been deleted.

In claim 78, line 1, "and" has been changed to "an".

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

As to claims 59 and 60, the prior art fails to disclose or suggest a method of making a ceramic by mixing 60-85 vol% yttria stabilized tetragonal zirconia with 15 to 40 vol% ZnO and sintering the mixture.

As to claims 61 and 62, the prior art fails to disclose or suggest a method of making a ceramic by mixing 50-90 vol% yttria stabilized tetragonal zirconia with 10 to 50 vol% SnO₂ and sintering the mixture.

As to claims 78-88, the prior art fails to disclose or suggest a method of making a ceramic component by densifying a mixture of tetragonal zirconia and a resistivity modifier, and adjusting the resistivity of the ceramic by annealing the body.

The above amendments were NOT made to avoid a prior art rejection, but were made to correct minor informalities or a possible rejection under 35 USC 112, second paragraph.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David Sample whose telephone number is (571)272-1376. The examiner can normally be reached on Monday to Friday.
